

Have your name cast in bronze and support the Nevada County Fairgrounds!

About the Foundation

Formed in 2005, the Fairgrounds Foundation mission is to build a better Nevada County Fairgrounds through fundraising and contributions to the Fairgrounds. The Foundation uses funds raised to support and improve the health and beauty of the Fairgrounds, enhance the community's use of the grounds, and foster projects that develop local youth in agriculture.

Bronze Plaque Project

The Nevada County Fairgrounds Foundation is sponsoring a special fundraising project – the bronze plaque project, which is permanently displayed at the Whitney Pavilion on the Nevada County Fairgrounds.

By making a donation towards this project, you will have your name, a memorial message, or other special message (up to 40 characters) cast in bronze on a plaque that is permanently placed in the garden outside the building to recognize and remember donors and supporters of Whitney Pavilion and the Nevada County Fairgrounds.

There are several donor opportunities available. See the attached donation form for the donation categories and additional information.
